God & Egyptians

God & Israel

Moses is God's instrument; he is an Israelite, a Levite & called by God; he grew in stature because of his obedience

Pharaoh's grudging acknowledgment did not result in full submission; he still wanted to retain control & is fully responsible

God's mercy was also shown to the Egyptians; some probably followed what Israel did & gotten what God promised to Israel

Acts of judgment for Egypt were signs for Israel to know God & that He is the one who redeems
