

God providing accessibility and refuge through His appointed people.

Num 35

1. God provided cities for the Levites to dwell, so that they can perform their duties throughout the land (v 1-8)
2. God provided cities of refuge for the Levites to shelter the unintentional man slayer (v 6, 9-15)
3. God provided the justice system for the congregation to decide the conviction of the man slayer. (v 16-34)

Reflections

- Now that we do not have to be in a fixed location to worship and know His word, how can we be more conscious to:
 - a. glorify and honour Him with our life?
 - b. Know and love His word more?
- How can we constantly remind ourselves to run to Jesus for refuge when we feel lacking as a believer?
